C., which cost forty thousand dollars before the war, was sold for five thousand six hundred dollars by the United States Marshal, last week, in the above county. It is situated near Shocco Springs. Mr. Jones was indebted to Northern men, and they have pounced upon him, and forced the sale of his valuable property for a mere song. Mr. Peter Davis was the purchaser. We learn these facts from a gentleman just returned from Warrenton. The removal of Gen. Tobacco Plant. It is not often that an editor is successful in condensing so many mis-statements into so short a compass. It is incorrect in the following particulars: 1. That the Marshall did not sell the property of Mr Jones, or any other property at that term of the court. 2. The sale was made by the Sheriff. 3. It was not to satisfy a debt due to a Northern man, but several debts due to Southern men, mostly residents of the county. 4. The debts which were paid by the Sheriff's sale could not have belonged to the class which fall under Sickles' stay law, as that stay law has constantly been enforced against executions issued by the State courts. 5. Mr. Jones is not regarded in Warren as a great loser by the transaction, since the property was bought in by his friends; and if that general surmise is well-founded, the smaller the price paid, the better for Mr. Jones. 6, and last.
